BRAVO, OMJI!

HERE, TAKE MY TOWEL
NO, TAKE MINE!
HEY! WHAT IS ALL THIS?
THIS ISN'T THE OMJI FAN CLUB!
RHYTHMIC GYMNASTICS ISN'T A GAME!
IT'S AN OLYMPIC SPORT!
THOSE WHO DON'T INTEND TO TRAIN SERIOUSLY CAN LEAVE RIGHT NOW! GOT IT?

GOT IT, COACH!
SO YOU'RE GOING TO TRAIN FOR REAL NOW?
YES!
YOU DIDN'T HAVE BREAKFAST THIS MORNING?
WELL? AM I GONNA GET AN ANSWER?
...
...
NO!
HM. OKAY! LET'S GET TO WORK!

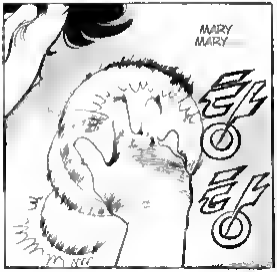
YOU CAN DRY YOURSELF WITH THIS!
AH! BY THE WAY...
I HEARD THERE'S A NEW STUDENT IN YOUR CLASS! EVERYONE'S TALKING ABOUT HER!
HER NAME IS MARY I THINK
GEEZ, YOU KNOW EVERYTHING!
ESPECIALLY WHEN IT'S SUCH A STRIKINGLY BEAUTIFUL GIRL!

HEY CATCH
HA HA HA!
CLAP
HA HA!
CLAP
HEY YOU ROOKIES! STOP GOOFING AROUND!
THAT KIND OF ATTITUDE IS BAD FOR OUR CLUB!
SO WHAT DO YOU THINK? IF SHE'S JUST AS GOOD AT GYMNASTICS AS SHE IS PRETTY, I'M SURE THE JURY WILL FAVOR HER...
WHO ARE YOU TALKING ABOUT?
YOUR CLASSMATE MARY, OF COURSE!

OMJI, WOULD YOU ASK HER IF SHE WANTS TO JOIN OUR CLUB?
UHH
YOU'LL DO IT, RIGHT?
THANKS FOR THE TOWEL!
WELL, SHE'S CLEARLY NOT TOO
FOND OF MARY

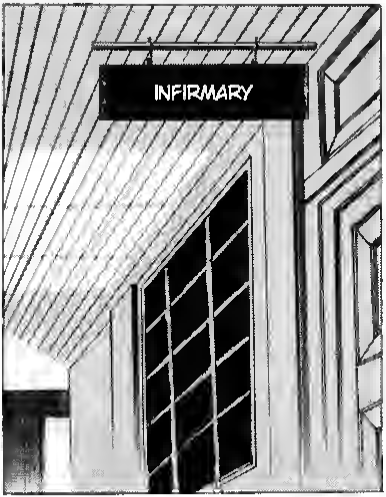
THIS SUCKS! ALL DAY EVERYONE'S ALL TALK ABOUT ...

I'M SICK OF IT!

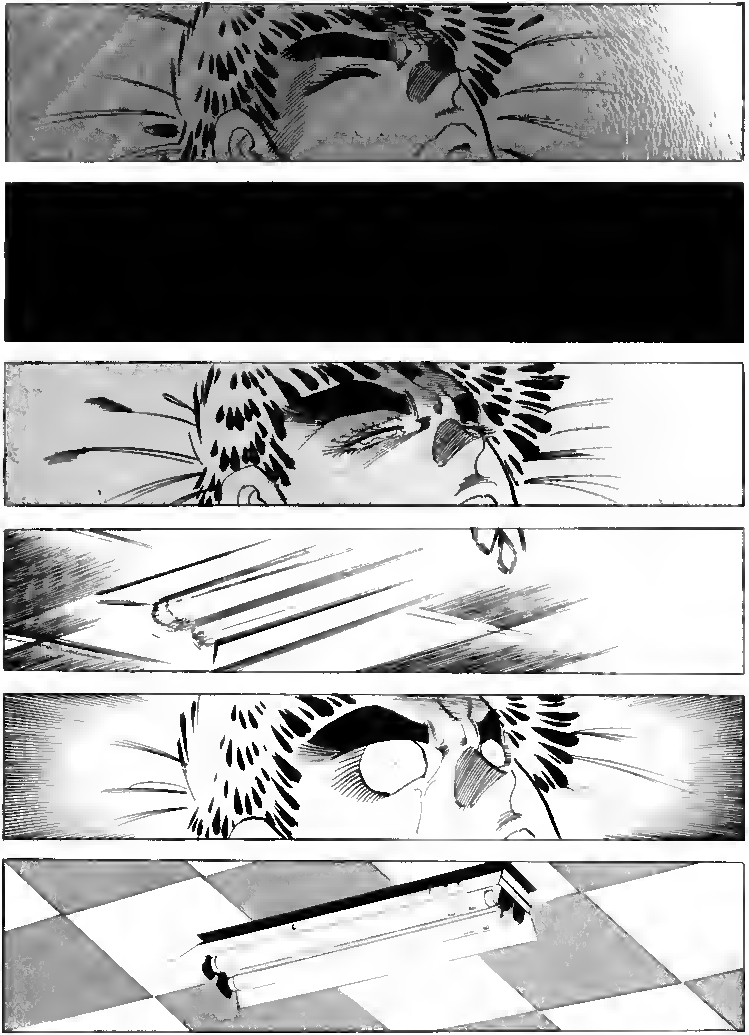


MARY MARY

I WONDER IF HYESONG IS CONSCIOUS YET?



INFIRMARY



HUH? WHAT AM I DOING IN THE INFIRMARY?
AH! YOU'RE AWAKE, HYESONG?
YOU FELL DOWN DURING GYM CLASS. YOU PROBABLY HAVE A CASE OF ANEMIA
ME? I DON'T THINK SO, MAM!
THEN WHAT CAUSED IT?
I DON'T KNOW...
BUT BEFORE I FELL I HAD THE FEELING I HAD JUST RECEIVED A HUGE BLOW TO MY CHEST!
A BLOW?

THAT'S STRANGE! THERE'S NO SIGN OF IT
I RECKON IT'S PSYCHOSOMATIC, CAUSED BY STRESS!
COULD YOU GET THAT...
BECAUSE OF A DREAM?
A DREAM?
YEA. LATELY I KEEP HAVING THE SAME NIGHTMARE EVERY NIGHT OVER AND OVER AGAIN!
WHAT'S IT ABOUT?

EXA-FLAMMING? SPACESHIP OF THE ID?
HAHA!
YOU THINK IT'S SO FUNNY DOCTOR?
WELL YES SORRY BUT THAT'S NOT THE KIND OF STORY I WAS EXPECTING...
I WAS THINKING MORE OF A NIGHTMARE FILLED WITH GHOSTS AND MONSTERS...
HAHA! YOU WORRY TOO MUCH ABOUT YOUR DREAMS DON'T SWEAT IT, IT HAPPENS OFTEN WITH TEENAGERS!
SO YOU WERE LAUGHING BECAUSE FOR YOU IT'S A LITTLE CHILD'S DREAM, SOME KIND OF CARTOON BUT FOR ME IT'S SERIOUS!

IT HAPPENS OFTEN? WHY?
HM... WELL THAT'S KIND OF COMPLICATED...
WELL, LOOK DURING PUBERTY THE MIND LIKES TO STAY ONE STEP BEHIND IN DEVELOPMENT COMPARED TO THE BODY!
DREAMS ARE THEN SOME KIND OF DEFENSE MECHANISM...
THAT IMBALANCE BETWEEN BODY AND MIND CAUSES FEAR!
FOR INSTANCE, IN YOUR DREAM YOU'RE THE HERO OF A MOVIE THAT MADE A BIG IMPRESSION ON YOU. BUT IT'S AN ILLUSION!

OKAY! SO IT'S JUST A DREAM! YOUR BLOOD PRESSURE AND TEMPERATURE ARE NORMAL, SO YOU CAN GO BACK HOME!
SLAP
OUCH
BUT THE DREAM SEEMS SO REAL
HYESONG, AREN'T YOU FEELING ALRIGHT YET? SHOULD I GO WITH YOU?
N NO, THANKS!
JUST A MOMENT!

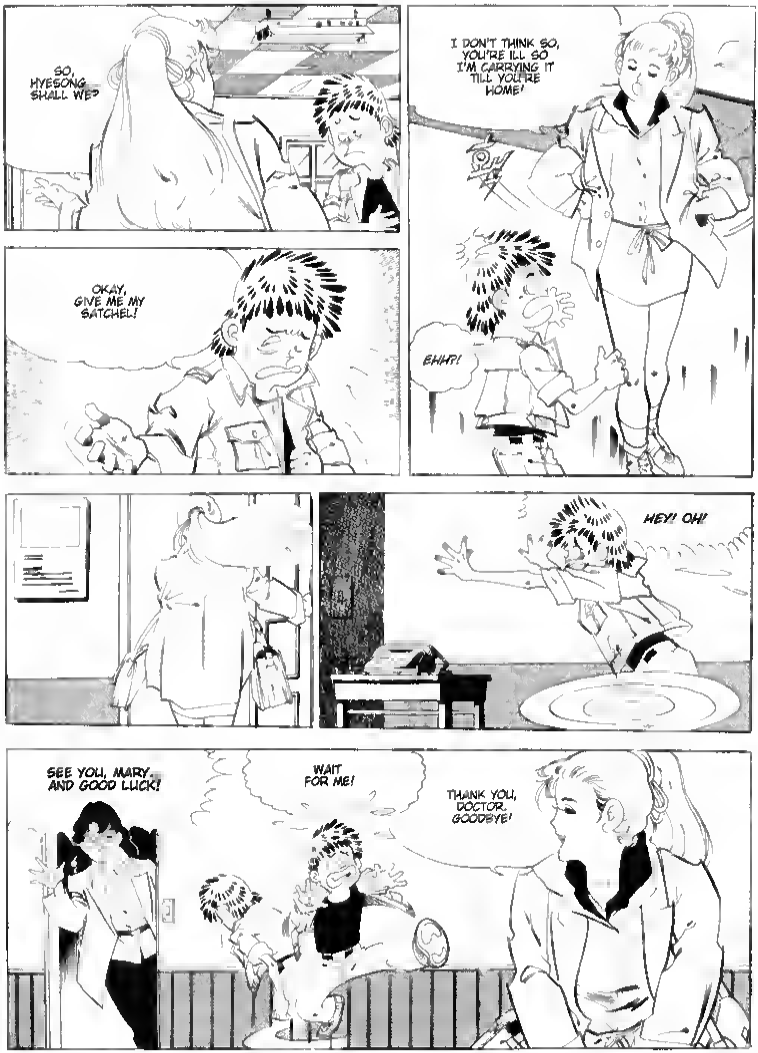
BUT MAYBE HE DOESN'T WANT ME!
N... NO, THAT'S NOT IT
ARE ALL BOYS HERE AS CONCEITED AS HIM?
HE'S A RARE SPECIMEN!



SO, HYESONG SHALL WE?
I DON'T THINK SO, YOU'RE ILL SO I'M CARRYING IT TILL YOU'RE HOME!

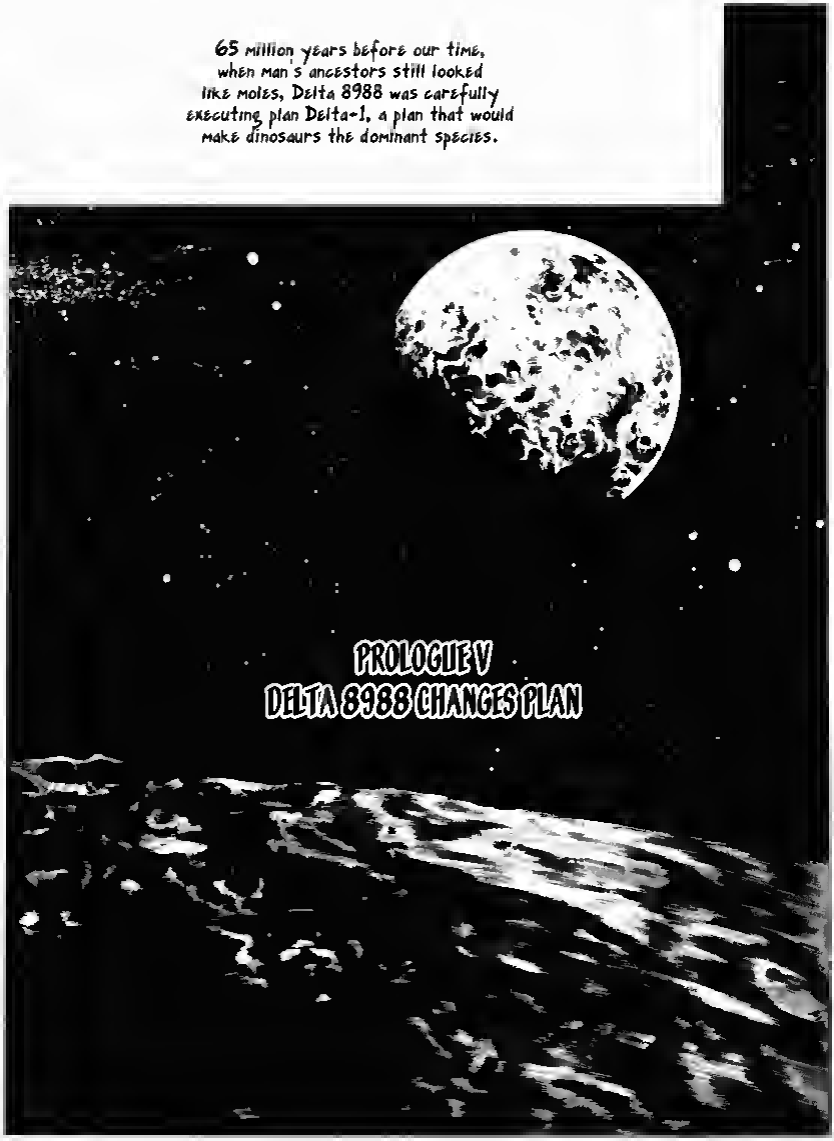
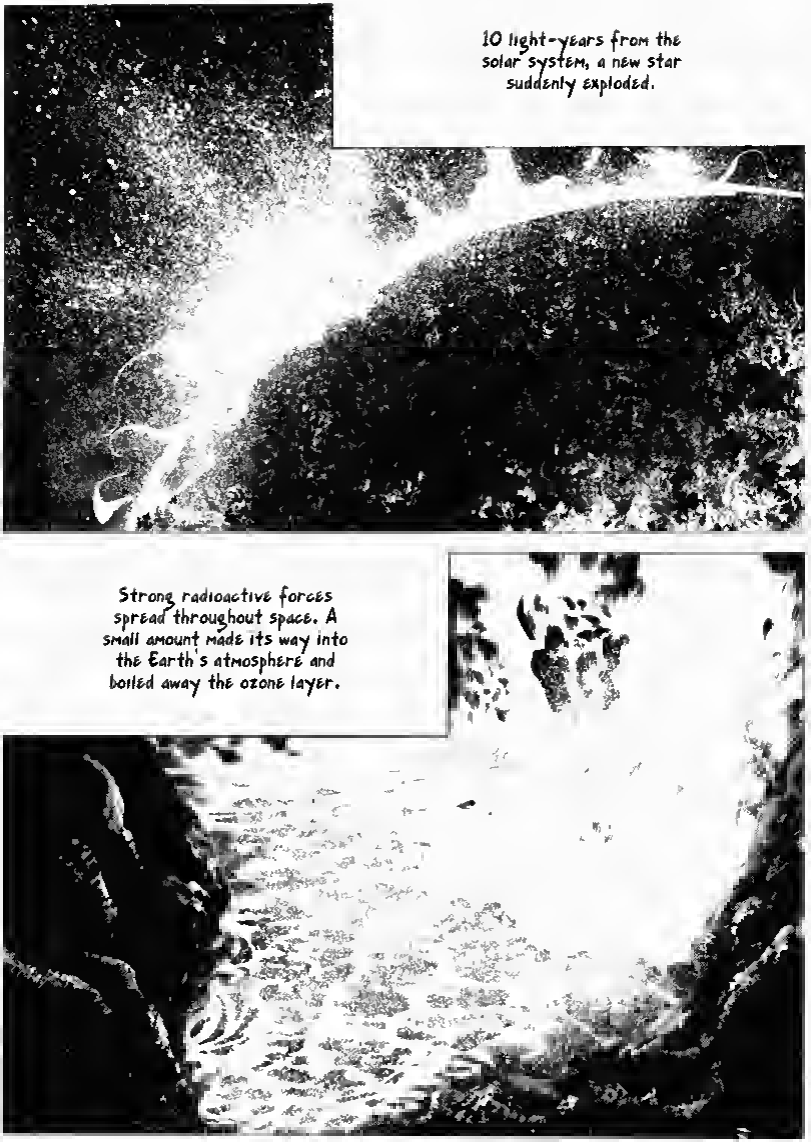
Hyun Se Lee:

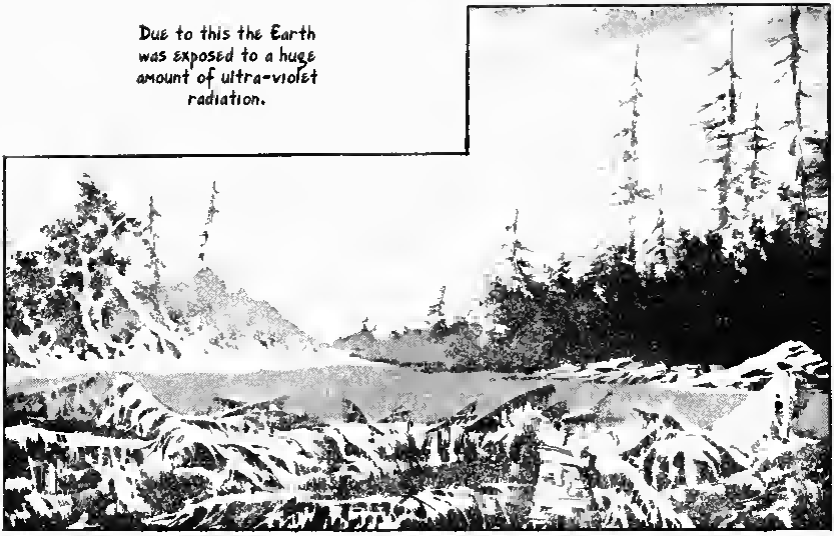
born in 1954 inJyong ju, South Korea.
Being a big fan of manga, he already started drawing his own as a child.
His mother, a widow, and his grandmother oppose his choice of becoming a manga author.
For a short while he works at a bank.
However he con't deny his dreams and in 1982 he publishes 'The teamof fear'.
It becomes the biggest success in the history of Koreon manga.
The characters of Hyun Se Lee like Hyesong, Omji and Mary are adolescents, because they symbolize dreams, friendship and love. His most important works are 'The last acrobat', 'The fifth season', 'The ravens of the border', 'Hyesong the child', 'Fly, Hyesong', 'The ring of hell' (worked into a cartoon for TV) and 'The wandering Hyesong'.



65 million years before our time, when man's ancestors still looked like moles, Delta 8988 was carefully executing plan Delta-1, a plan that would make dinosaurs the dominant species.
PROLOGUE V
DELTA 8988 CHANGES PLAN



10 light-years from the solar system, a new star suddenly exploded.
Strong radioactive forces spread throughout space. A small amount made its way into the Earth's atmosphere and boiled away the ozone layer.

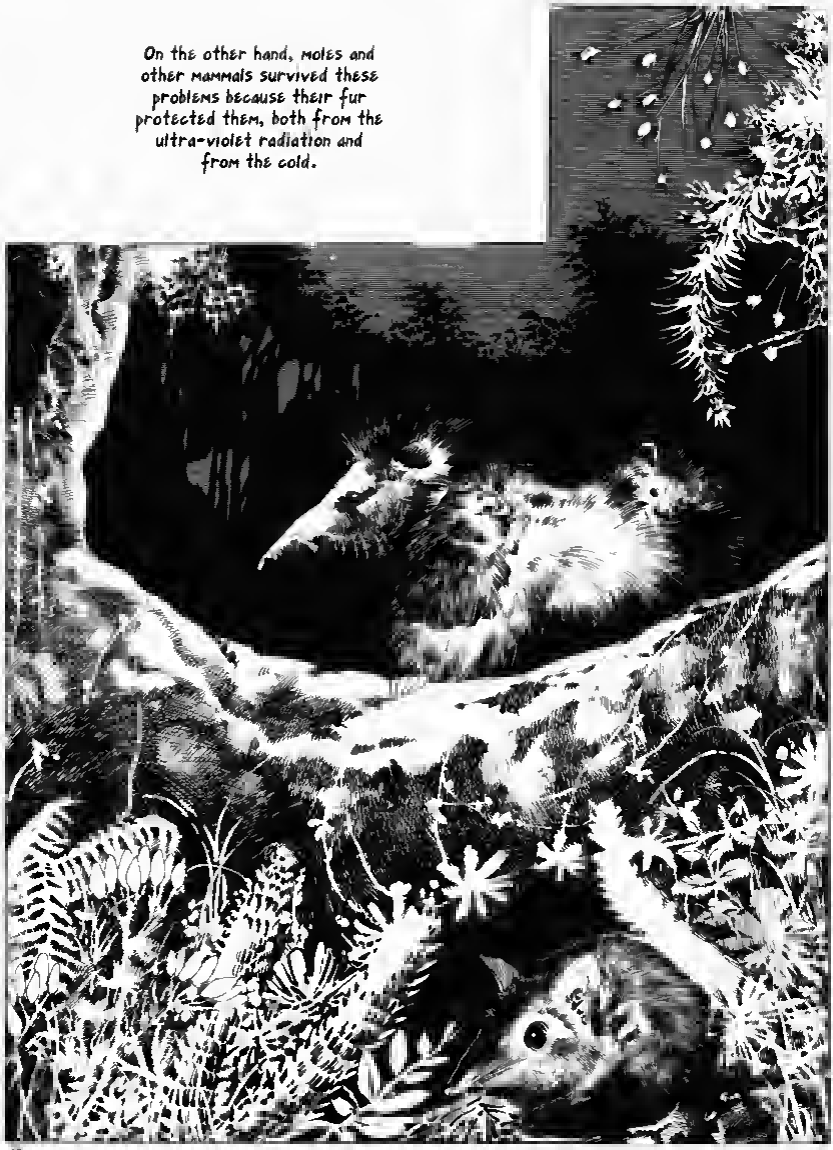


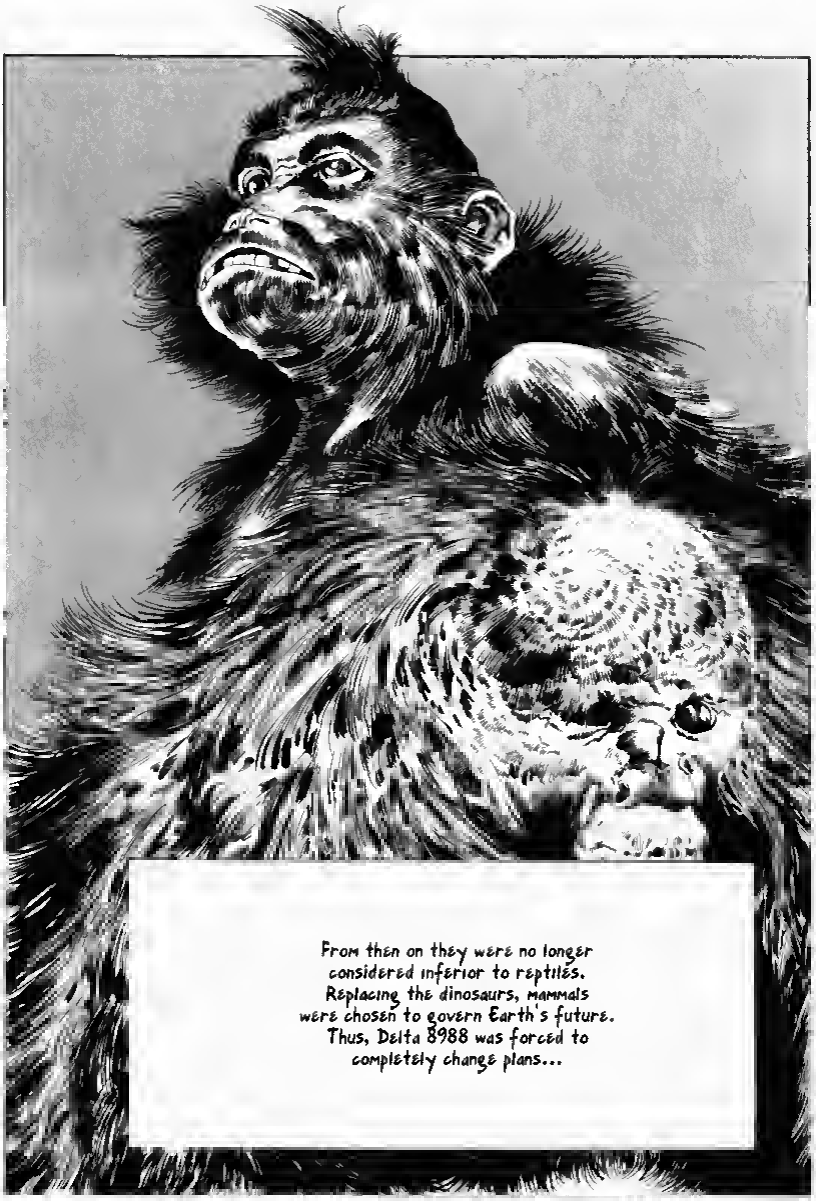
Due to this the Earth was exposed to a huge amount of ultra-violet radiation.

Most organisms had little resistance to this type of radiation and quickly disappeared...
Not even the dinosaurs were spared.

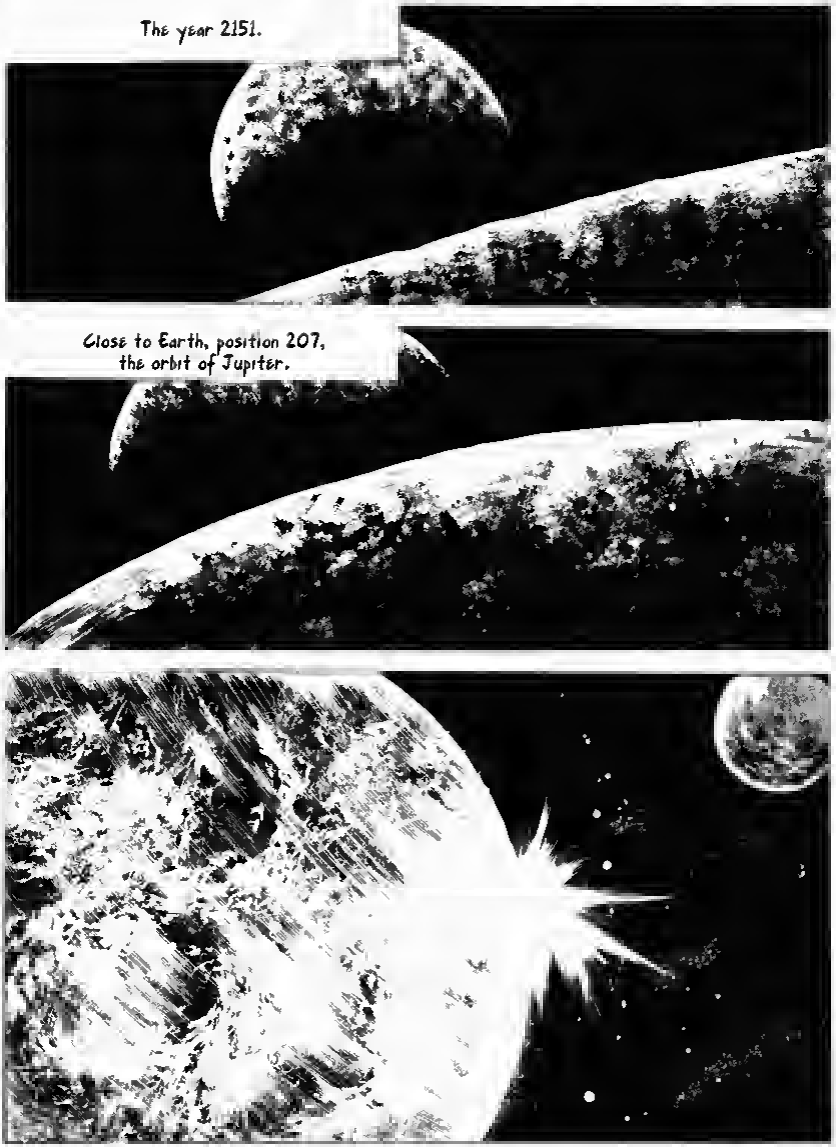
Rock formations rose up from within the bowels of the Earth, causing oceans to shrink. This was the final blow for the dinosaurs, since the humidity of the Earth dropped and it became colder. The cold-blooded dinosaurs couldn't take this low temperature and disappeared completely.

On the other hand, moles and other mammals survived these problems because their fur protected them, both from the ultra-violet radiation and from the cold.





From then on they were no longer considered inferior to reptiles. Replacing the dinosaurs, mammals were chosen to govern Earth's future. Thus, Delta 8988 was forced to completely change plans...



The year 2151.
Close to Earth, position 207,
the orbit of Jupiter.

Welcome, Commander Kesaros!

URANOS, THE CRUISERS FROM EARTH HAVE BEEN TURNED INTO COSMIC GRAVEYARDS!
WE HAVEN'T SUFFERED A SINGLE LOSS.
Good work, Kesaros, but I have bad news!
Check the main screen!
AH, IS THAT...

Precisely, Commander Kesaros!

And over there is our latest flagship model. Both have been destroyed!

HOW IS THAT POSSIBLE, URANOS?

Look at screen one...

These are the last images our fighters sent us before they were destroyed
We are currently above Deimos, a satellite of planet Mars.
Now watch the left... see anything?

ELCA

ELCA... I'VE NEVER SEEN THAT KIND OF CRAFT. IT'S REMARKABLY FAST... FASTER THAN OUR SHIPS!
It is not just the speed. Those little craft destroyed our armored cruiser in three minutes.
Elca... an unidentified organization. Up until now that is the only information we have on them. We do not know where they came from nor who their leader is. What we do know is that Elca is an organization that defends Earth!

To put it bluntly: they are our enemy!
Commander Kesarea! You will have under your command a powerful warship. You have 96 hours to root out and destroy Elea!

YOU CAN COUNT ON ME, URANOS!

You have 96 hours, Commander! Do not forget that!

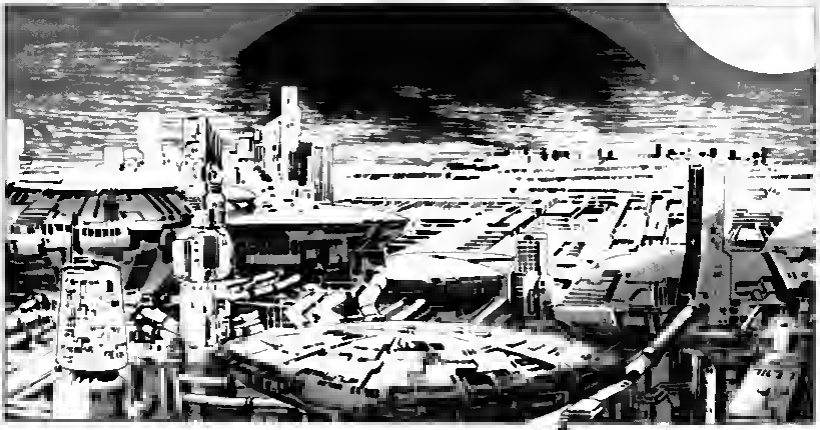
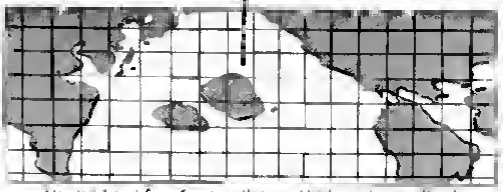
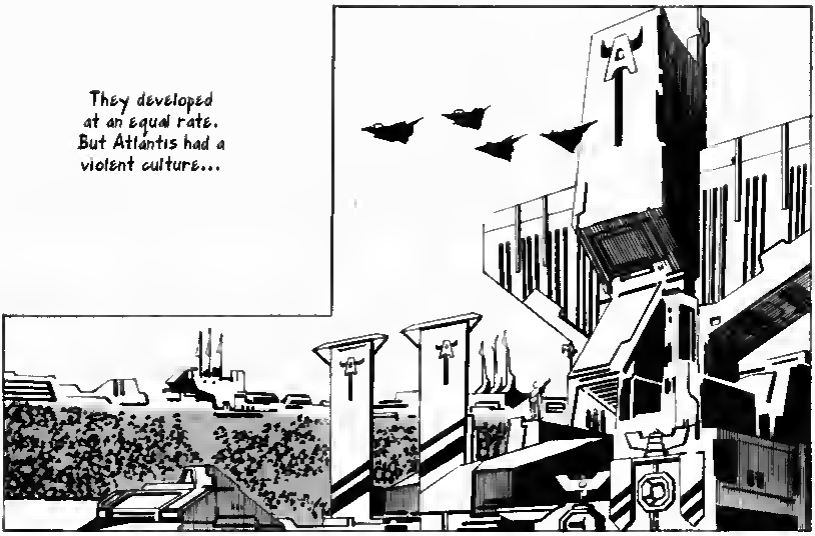
Mammals evolved at a fast rate. Primates in particular were evolving much faster than Delta 8988 had anticipated.
PROLOGUE VII
THE ORIGINS OF ELCA
Around 20 million BC an entirely new species of ape came to be. This species walked on two legs and was able to use ten fingers. The Pithecantropus Erectus, man's ancestor, was born.



In 13,000 BC, two highly evolved societes spread over two continents, Atlantis and Mu.



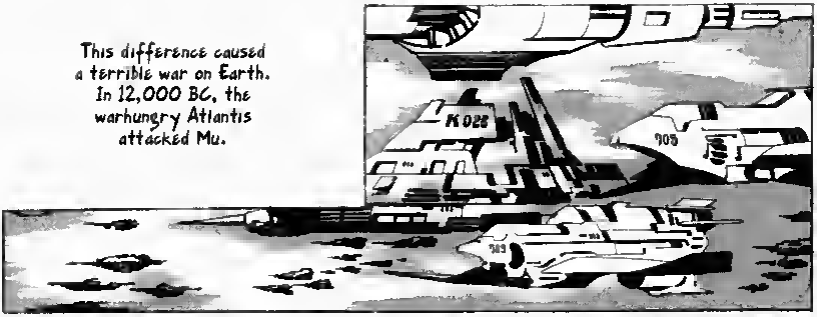
Atlantis: Island from Greek mythology. Mu: Legendary continent.



They developed at an equal rate. But Atlantis had a violent culture...

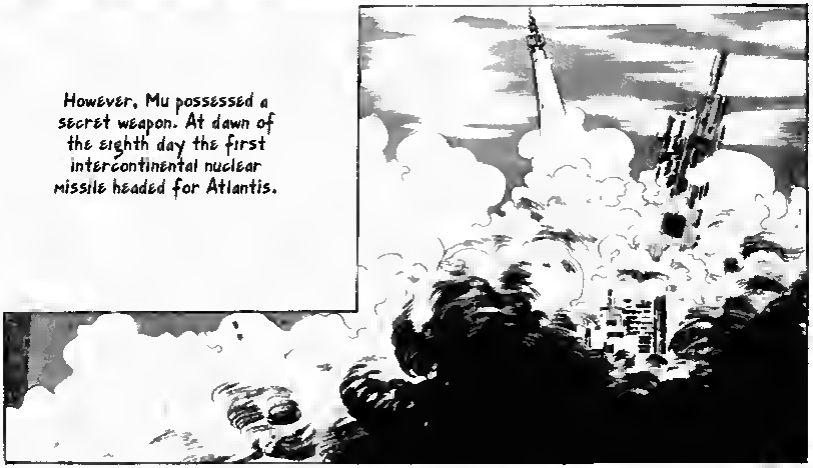
...while the people of Mu were peaceful.

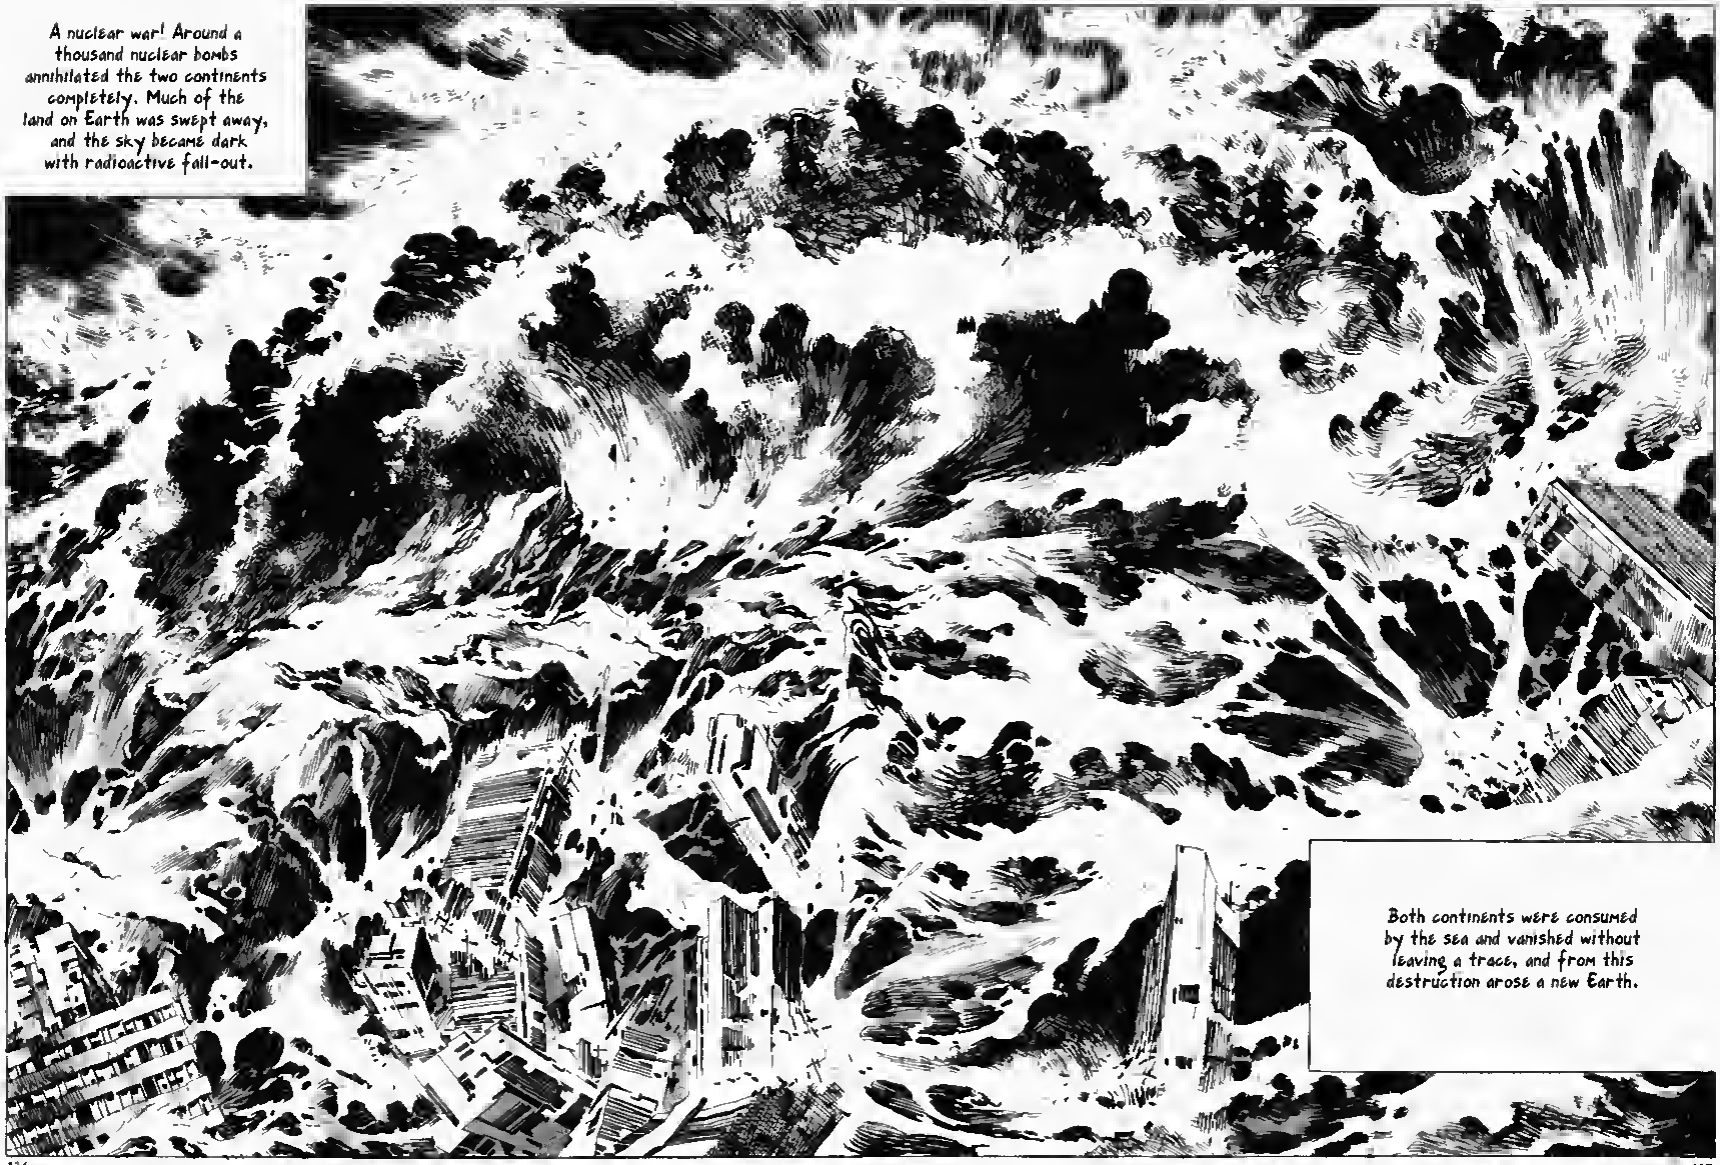
This difference caused a terrible war on Earth. In 12,000 BC, the warhungry Atlantis attacked Mu.



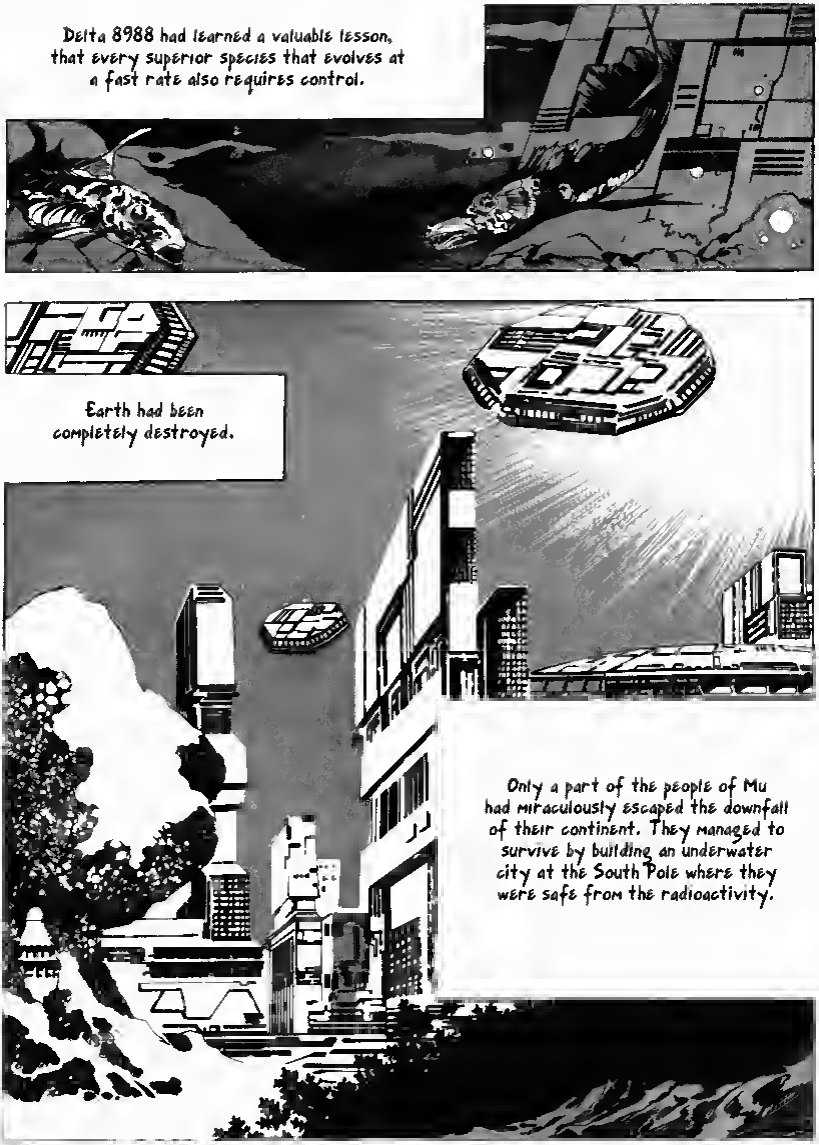
On the third day of the war the military force of Atlantis had destroyed much of Mu. Victory was near.

However, Mu possessed a secret weapon. At dawn of the eighth day the first intercontinental nuclear missile headed for Atlantis.



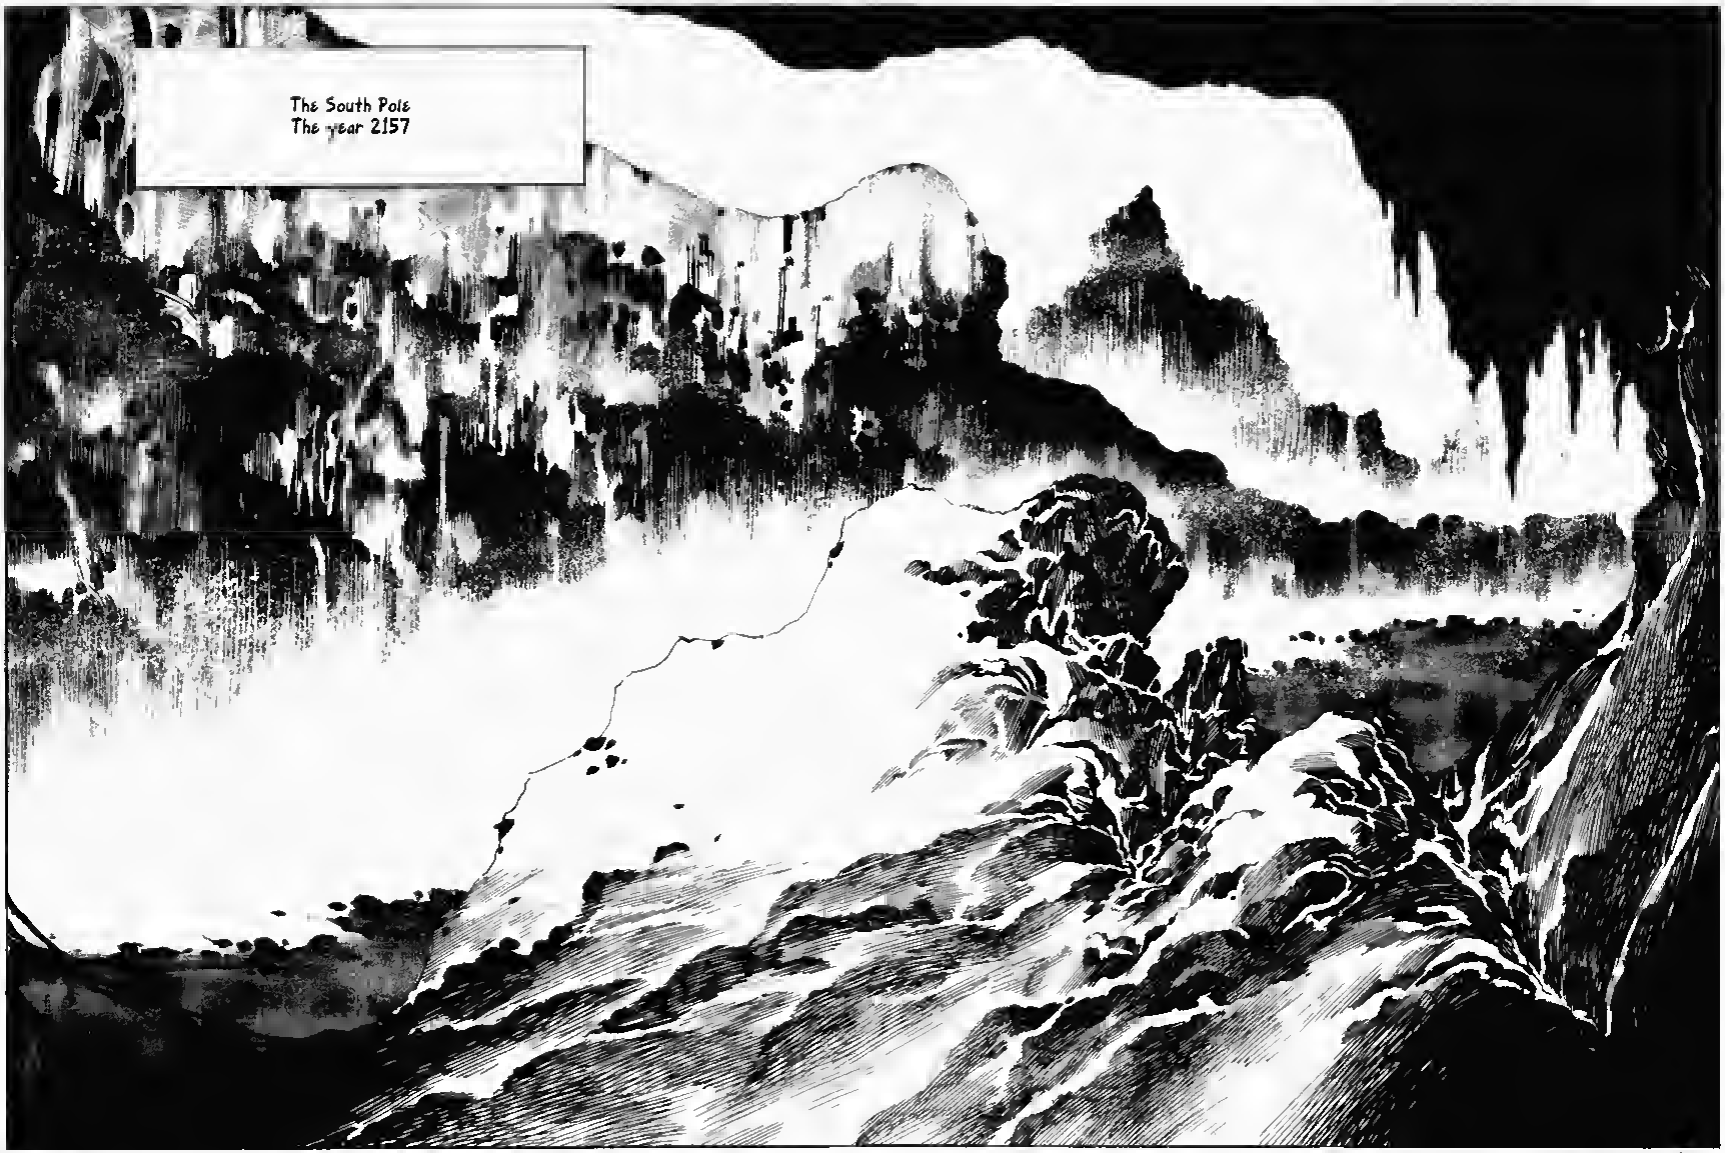


A nuclear war! Around a thousand nuclear bombs annihilated the two continents completely. Much of the land on Earth was swept away, and the sky became dark with radioactive fall-out.
Both continents were consumed by the sea and vanished without leaving a trace, and from this destruction arose a new Earth.



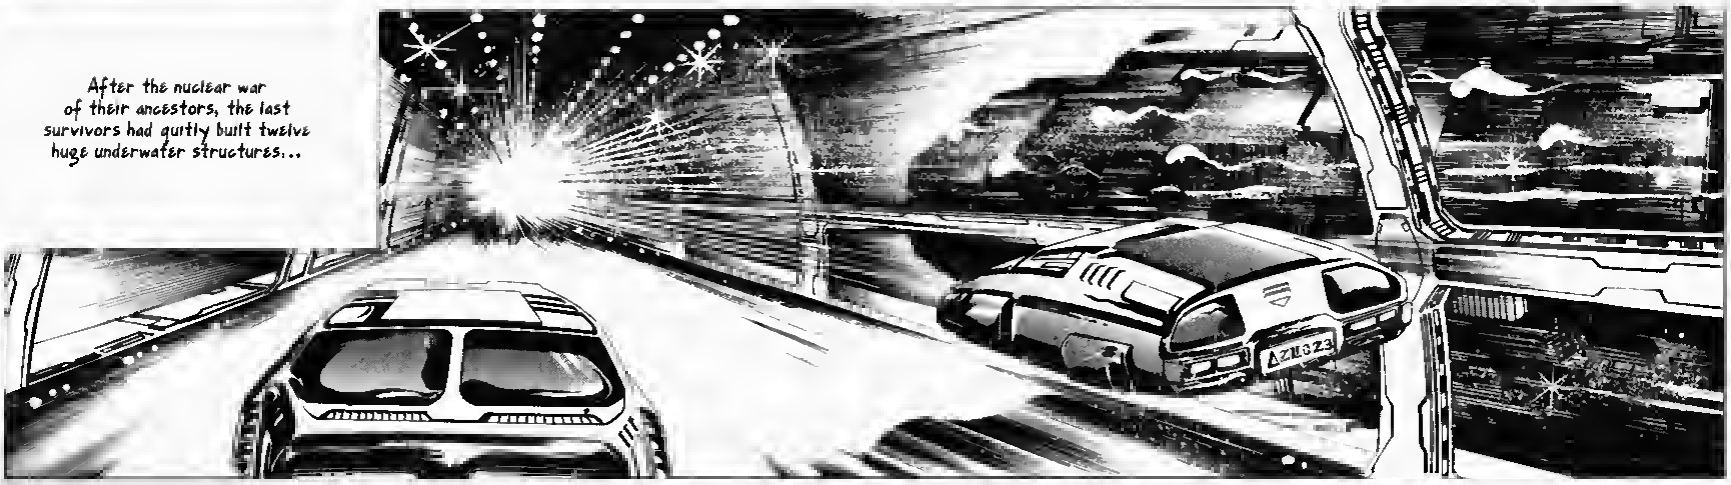
Delta 8988 had learned a valuable lesson, that every superior species that evolves at a fast rate also requires control.
Earth had been completely destroyed.
Only a part of the people of Mu had miraculously escaped the downfall of their continent. They managed to survive by building an underwater city at the South Pole where they were safe from the radioactivity.

Delta 8988 imposed a strict regime. Every survivor was given a number and was taught to blindly believe in the control system and the hierarchy.
The system was so absolute that a thousand people might act as if they had the same brain.
That is how the secretive organisation called Elca came to be.



The South Pole
The year 2157

At a depth of 1,053 meters, in the dark, ice-cold ocean...



After the nuclear war of their ancestors, the last survivors had quitly built twelve huge underwater structures...

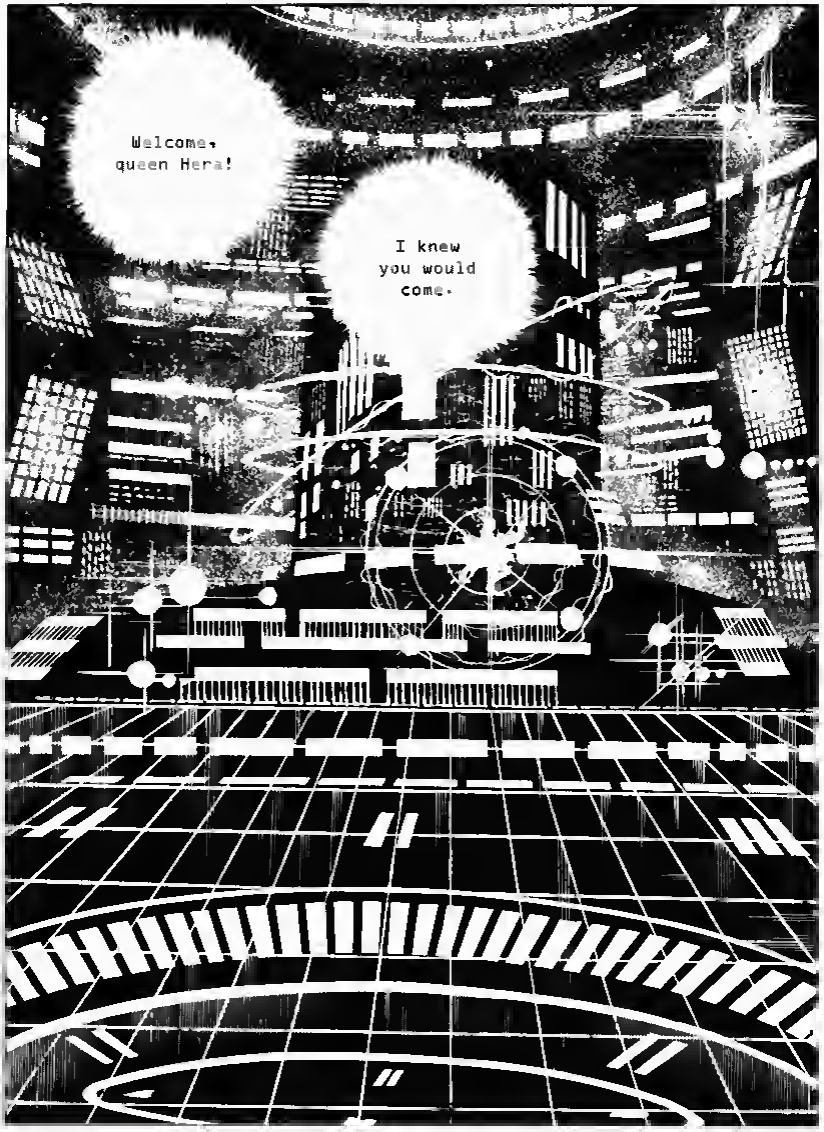
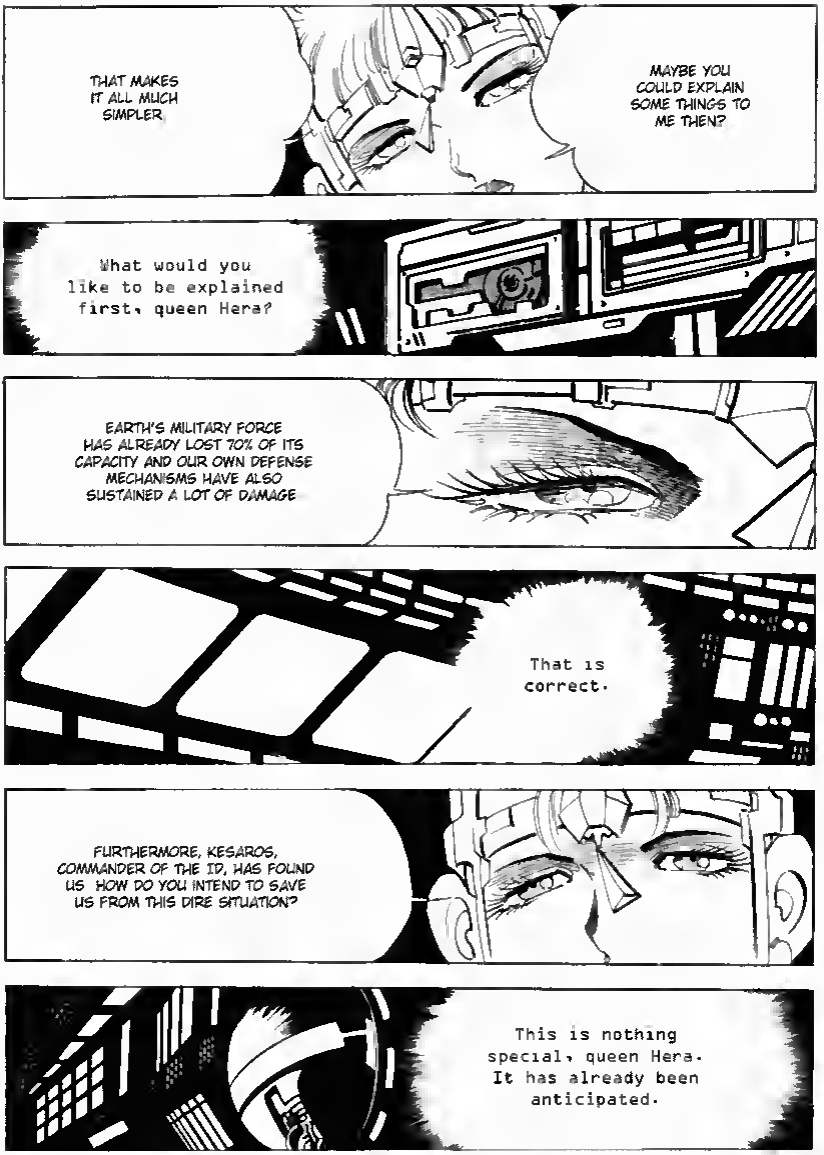
KIII

UNION! I NEED TO SPEAK TO YOU URGENTLY!



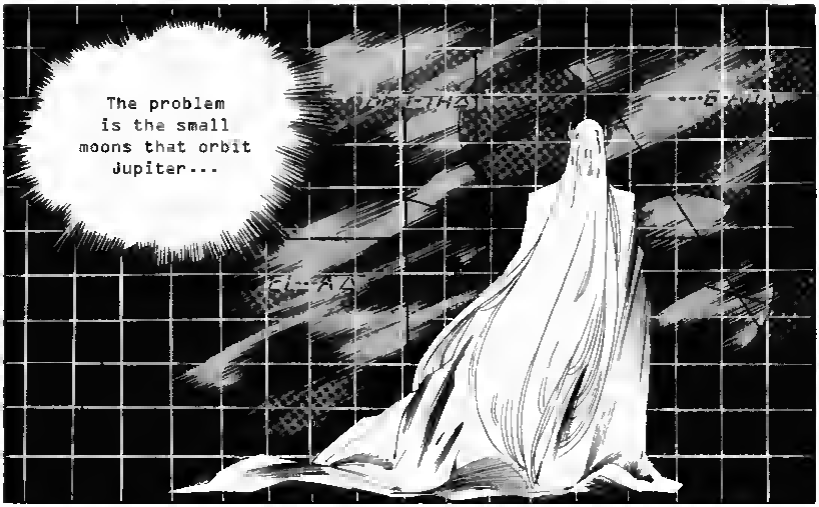
Welcome, queen Hera!
I knew you would come.



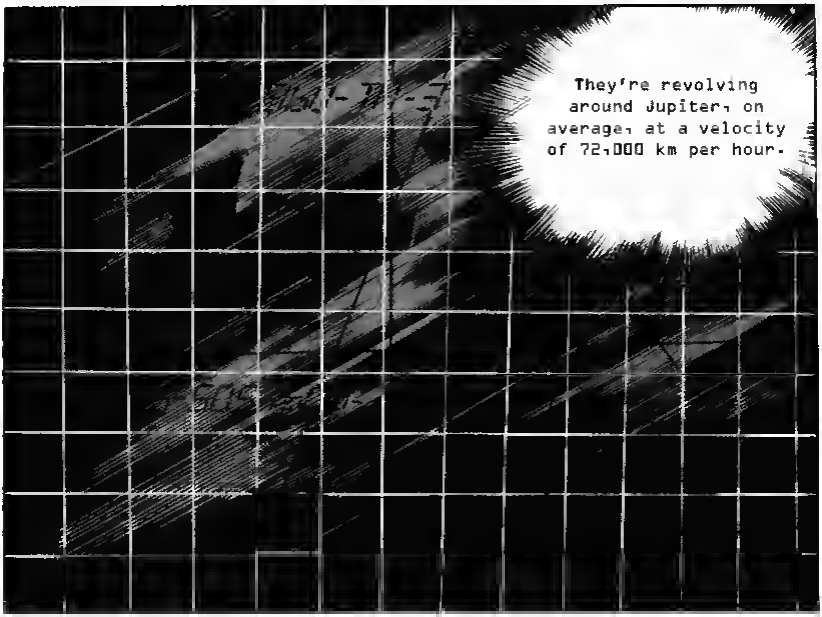
THAT MAKES IT ALL MUCH SIMPLER
MAYBE YOU COULD EXPLAIN SOME THINGS TO ME THEN?
What would you like to be explained first, queen Hera?
EARTH'S MILITARY FORCE HAS ALREADY LOST 70% OF ITS CAPACITY AND OUR OWN DEFENSE MECHANISMS HAVE ALSO SUSTAINED A LOT OF DAMAGE
That is correct.
FURTHERMORE, KESAROS, COMMANDER OF THE ID, HAS FOUND US HOW DO YOU INTEND TO SAVE US FROM THIS DIRE SITUATION?
This is nothing special, queen Hera. It has already been anticipated.

THEN I DON'T UNDERSTAND WHY YOU DON'T BRING HYESONG, WHO'S LIVING IN 1996, HERE!
I wish I could, queen Hera, but please look at the right screen.
As you know, time warps do not stay open forever.

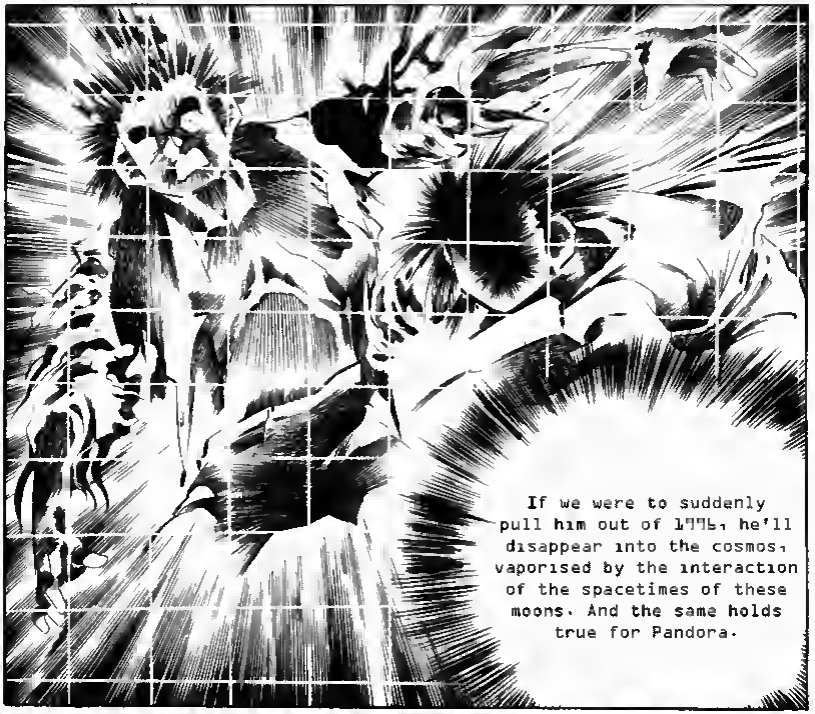
To bring him from 1996 to 2157, Hyesong would have to transverse at least twelve dimensional spaces and 32 planetary space-times.
Not such a simple thing, queen Hera.
AND WHAT IF...
...PANDORA, OUR SPECIAL EMISSARY, RETRIEVES HYESONG FOR US?



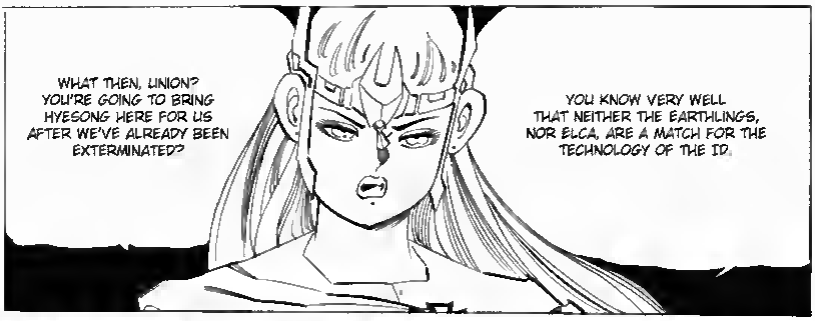
The problem is the small moons that orbit Jupiter...



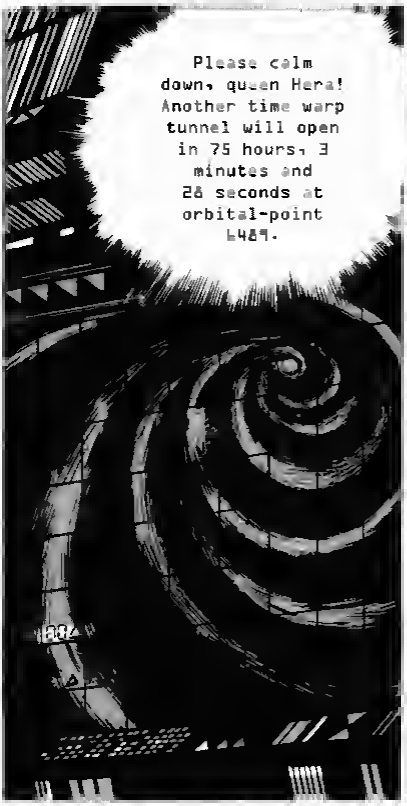
They're revolving around Jupiter, on average, at a velocity of 72,000 km per hour.



If we were to suddenly pull him out of 1775, he'll disappear into the cosmos, vaporised by the interaction of the spacetimes of these moons. And the same holds true for Pandora.



WHAT THEN, UNION? YOU'RE GOING TO BRING HYESONG HERE FOR US AFTER WE'VE ALREADY BEEN EXTERMINATED?
YOU KNOW VERY WELL THAT NEITHER THE EARTHLINGS, NOR ELCA, ARE A MATCH FOR THE TECHNOLOGY OF THE ID.



Please calm down, queen Hera! Another time warp tunnel will open in 75 hours, 3 minutes and 28 seconds at orbital-point 6489.

I'm merely postponing our tactical move.

75 HOURS?
WILL WE HOLD ON FOR THAT LONG?
CAN WE PUT UP A FIGHT...
...TILL THAT MOMENT?
